### Multi-Purpose Pump

#### Description

The unique roofbolt/cable anchor nylon hand operated pump. The pump incorporates a light weight mixing tank and delivery assembly.

This unit is very easily dismantled for ease of transport in difficult working places underground. This unit features a water level mark on 4 or 8 litre capacity. A water measuring bucket can also be supplied, for other types of grout. This pump is recommended for a 10kg or 20kg grout mixtures. This pump can be easily repaired underground or on site, by using the Repair Kit.
